ACTA TEHNICA NAPOCENSIS

Scientific Journal of Technical University of Cluj-Napoca

Series: Environmental Engineering and Sustainable Development Entrepreneurship (EESDE)

Series published by Center for Promoting Entrepreneurship in Sustainable Development

Founding director of the series EESDE: professor Vasile Filip SOPORAN, Ph.D.

Quarterly: Vol. 4 - Issue 1 (January – March 2015)

ISSN – 2284-743X; ISSN-L – 2284-743X

Objectives and purpose: The scientific journal “Environmental Engineering and Sustainable Development Entrepreneurship” is an interdisciplinary publication that seeks scientific analysis in order to achieve debates on environmental engineering and sustainable development entrepreneurship on local, national or global level. Specifically, under the auspices of entrepreneurship and sustainable development, the magazine will include scientific contributions in the fields of environmental engineering and the management of enterprise and entrepreneurship, showing trends and challenges in the XXI century on the sustainable development and environmental engineering issues. Contributions will offer to the readers, original and high quality materials.

Readers: The scientific journal is designed to provide a source of scientific references to reach any person which has the research activity in the field of global issues on environment and sustainable entrepreneurship. The journal offers to teachers, researchers, managers, professionals, entrepreneurs, civil society and political personalities, a tool to develop such a sustainable business, which protects the environment.

Content: The scientific journal publish original papers, reviews, conceptual papers, notes, comments and novelties.

Areas of interest: The main theme and objective of the scientific journal is environmental engineering and sustainable development entrepreneurship; being no limit to articles which will be considered by the editorial board.

- ❖ Industrial Engineering
 - ❖ Technologies and Equipment for Industrial Environmental Protection
 - ❖ Industrial Engineering and Environment
 - ❖ Materials Science and Engineering
 - ❖ Entrepreneurship in Sustainable Development
 - ❖ Eco Responsible Entrepreneurship
 - ❖ Social Entrepreneurship, etc.
-

Obiective și scop: Revista științifică „Ingineria Mediului și Antreprenoriatul Dezvoltării Durabile” este o publicație interdisciplinară care urmărește o analiză științifică în scopul realizării unor dezbatere asupra ingineriei mediului și antreprenoriatul dezvoltării durabile pe plan local, național sau mondial. La nivel concret sub auspiciile antreprenoriatului și dezvoltării durabile revista va include contribuții științifice din domeniile ingineriei mediului, managementul întreprinderii și antreprenoriatului, prezentând tendințele și provocările secolului XXI în problematica dezvoltării durabile și protecției mediului. Contribuțiiile vor avea scopul de a oferi cititorilor materiale originale și de înaltă calitate.

Cititori: Revista științifică este elaborată pentru a oferi o sursă de referințe științifice la îndemâna oricărei persoane care are activitatea de cercetare în domeniul problemelor globale cu privire la protecția mediului, antreprenoriat sau dezvoltarea durabilă. Revista oferă cadre didactice universitare, cercetătorilor, managerilor, profesioniștilor, antreprenorilor, reprezentanților ai societății civile și personalităților din politică, un instrument de lucru pentru a dezvolta astfel o afacere durabilă protejând mediul înconjurător.

Conținut: Revista științifică publică lucrări originale, recenzii, lucrări conceptuale, note, comentarii și noutăți.

Domenii de interes: Tema principală și obiectivele revistei științifice sunt ingineria mediului, antreprenoriatul și dezvoltarea durabilă, însă nu există nici o limitare la articolele care vor fi luate în considerare de către comitetul științific al revistei.

- ❖ Inginerie industrială
- ❖ Tehnologii și echipamente pentru protecția mediului industrial
- ❖ Ingineria și protecția mediului industrial
- ❖ Știința și ingineria materialelor
- ❖ Antreprenoriat în domeniul dezvoltării durabile
- ❖ Antreprenoriat ecoresponsabil
- ❖ Antreprenoriat social, etc.
